STOCKHOLM POLO INTRODUCTION

- Stockholm Polo AB is a company dedicated to grow the sport of Polo in Stockholm
- Stockholm Polo plays at Uddnäs Gård in Järfälla and is the most northern polo field in the world
- The company is investing in horses and fields with the ambition to enable the sport for more people
 - Possible to rent horses and equipment
 - Scheduled trainings and Chukkas (matches)
 - Beginner groups dedicated for persons with no or limited horse experience
 - Kids and youth teams being created with ambition to play international already in 2024

ABOUT THE SPORT

- Polo is a game anyone can learn, and you can play until high age
- Players in Stockholm have often learned Polo abroad and at adult age (even without any prior riding experience)
- Many families are playing, and it is a very good family- and across ages sport
- It is a fast team play on a horse where you hunt a ball on a field the size of several soccer fields (does not get more fun than that)
- The spirit of polo is about to enjoy life - on the field, in the game and when relaxing after
- There is a large international polo community and given boost to any travel as you play in many places across the globe
- Winston Churchill famously remarked, “a polo handicap is a person's ticket to the world.”
